Intro - Angels Chorus

Love, compassion, peace and grace
Throughout the world forever....

Verse 1

Born from war and darkness,
We now embrace the light
Of peace, love, and kindness
So all may Cherish Life.

Chorus 1

Our hands reach out with love
To soothe and heal your hearts.
In a world that's filled with turbulence,
We bring serenity.

Verse 2

On angels' wings we fly
To spread our song of light
Throughout the world, to all mankind,
So you may Cherish Life.

Chorus 2

Our presence shows the way
To a time when love reigns supreme.
Choose compassion over conflict
To build a world at peace.

Verse 3

Ooo! ...

... Cherish Life...

Ah!
